Gratitude Report
2021

Foreword from the board

Although by the end of the year we started seeing light at the end of the tunnel, 2021 was still a year in which our usual operations were significantly affected by Corona.

No major events. No big groups of laughing kids. It just did not feel like the Watoto Wasoka way, yet, the team managed to put together WASH trainings for community coaches and organised community sessions with kids.

Hence, we still did what we do best – reach out to kids, cater for their individual needs and try to impact their lives in a positive way. I was particularly impressed by the support we received for our educational campaign that helped us to support more than 25 boys and girls back to school in 2021.

Equally amazing was the start of our Women's Derby, as a way of celebrating girls through football.

As an organisation we continued to attract new exciting collaboration partners who broadened our impact objectives and initiated exciting new thought processes and pathways for our growth.

In summary, 2021 has been another year after which I am incredibly proud of our achievements.

The team continue to form an exciting, thriving organisation which I am lucky enough to be associated with.

With warmth,

**Rene T. Meyer
Ag. Board Chair**

Message from the CEO

**On behalf of the
best team,**

**Francis Mugoya,
Executive Director**

The year 2021 was a year of growth. A year of hard-hitting waves of the COVID-19 pandemic and related lockdowns; yet filled with opportunities to try new things, to learn and to grow as an organisation. Children were out of school for most of the time during the year, with too few opportunities to learn.

We managed to offer a handful of our kids support classes, and to also offer access to sport in a safe environment through our Sparta 09 teams and the various leagues.

The Football 4 WASH cycle continues to develop and now includes community clean-ups and opportunities to learn about menstrual hygiene for the girls.

Our girls' football programming was the biggest win for us in 2021. We were excited to see coaches mobilising, educating and empowering more girls through football.

Football 4 WASH remains our flagship programme to change our communities. At a time when handwashing was exceptionally significant, our football drills became even more applicable than ever!

We stood the test of the persistent pandemic, and yes, this time it was harder than the first. We thank God for life and pray for strength for the bereft families and friends. We send out our thoughts to everyone, and we hope you stay safe and strong.

The next few years are still hazed with uncertainty around the world, but we look forward into it with more courage than ever before, with more hunger to learn and to grow.

Finally, if we have done anything worthy writing home about, it is because we had the best team, supported by friends and partners who shared the same belief and that we were lucky enough to work in a field where our passion became an opportunity to serve our communities.

Football Made In Slums

Watoto Wasoka

About Us

Founded in 2009, Watoto Wasoka is a youth-led sport for development organisation in Uganda. We use football as a vehicle for social change in the lives of slum children. We seek to change lives, through structured football programmes, one game at a time, by creating purposeful opportunities for play and learning in a safe environment.

We also organise some of the biggest football events for youth in Uganda, East Africa (if not Africa!), with our last Slums Derby attracting more than 2,000 kids, while the last Christmas Camp was attended by more than 2,700 boys and girls from all over Uganda.

In 2019, our work with slum kids in Uganda was recognised at the FIFA Diversity Award in Milan, Italy.

We are the famous ***Football Made in Slums !***

Our Strategy

Our strategic plan 2021 - 2023 focuses on three areas of Programming, Marketing & fundraising and Organisational development

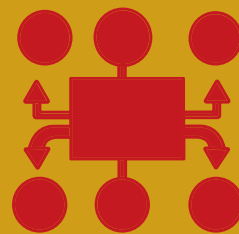

Programmes

Organise relevant, evidence-based and regular football for development activities that offer development opportunities for our beneficiaries and communities.

Marketing & Fundraising

Build an attractive, transparent and sustainable brand and an organisation that offers the best value for every penny

Organisational Development

Build a support structure of people and systems that sustain the organisation mandate today and beyond
