

Training by Coaches Across Continents

The on-field training by the team from Coaches Across Continents was a really great success for us and the coaches.

We had 84 community coaches each of whom completed 15 hours of training on using football for social impact.

The Primary Schools League returned with the knock-out stage. The first leg of quarter finals has taken place.

The girls gala is only a couple of weeks away and we are as excited as always.

We also share with you some photos from the training by CAC.

Football Made In Slums!

Watoto Wasoka was founded in 2009.

Watoto Wasoka – football made in slums, is a local NGO based in the heart of Kampala's biggest slums. We are a non-profit, community – led youth development organization which uses soccer as a vehicle for positive change in the life of slum children in Uganda. The organization aims to promote street and slum kids through their love for football, and tries to provide them with an alternative to street life for a better future perspective. We offer shelter, education and school support.

Upon realization of our first model centre, we intend to include health services & job training for those, who do not obtain scholarships.
