Football 4 WASH 2018

This year will be a very critical year for our Football 4 WASH programme with our partners Viva con Agua. We are particularly delighted with what our partnership is enabling us to achieve.

Early March, we held the Football 4 WASH training for school teachers. 63 teachers (18 female, 45 male) from 35 schools completed the week – long training. These are then tasked to take the programme into their schools and specifically to their pupils.

This month, April 2018, we will visit the schools to monitor and evaluate the programme reach in the various schools and pupils.

We are incorporating Football 4 WASH workshops in all our programmes – in the Primary Schools League, in the Slums Derby and the Christmas Camp.

We will still have a community coaches training in July/August this year on Football 4 WASH.

Coaches Across Continents

We are equally pleased to announce that the second year of our Hat-Trick partnership with Coaches Across Continents has been confirmed. We will hold this year's on-field training from 16th – 20th July, 2018.

Just like last year, we will welcome dozens of community coaches, teachers and other NGO's to the training in Kampala.

Keep it here for more details and updates on the same.

Football Made In Slums!

Founded in 2009, we're a non-profit, youth-led football for development organisation. We use football as a vehicle for social change in the lives of slum children in Uganda. We seek to change lives, one game at a time through structured football programs.

As one of our main support concepts, we facilitate access to primary and secondary education for slum children. Through our close ties with the slum football scene, public and private schools, we have a unique network which has enabled more than 600 kids to attend school which they would otherwise not have.

We offer health education (Football4WASH, HIV/AIDS, vocational training, school support and a place to call home/go-to during holidays or when times are rough.
