

Mobilise, educate and empower slum children through football.

# Whey Football!

Most popular sport in Uganda, and the world

Most easily accessible sport for slum and street children

Team sport that the slum and street children can identify with

Football can be played anywhere, everywhere

The recognition for the prestigious FIFA Diversity Award 2019, and everything that came with it, was one of the biggest highlights from 2019.

The schools league was a success. The Slums Derby hit a new high – 1,500+ kids in Kazo. The Christmas Camp was as memorable as ever. The moments and experiences during that week in Jezza will live with us forever.

Our biggest impact continues through Football 4 WASH with Viva con Agua. More than 6,000 kids were directly impacted in schools and communities in Kampala, Wakiso and Karamoja.

As an organisation, 2019 was also a learning curve.

We now know that impact is in the experience of each participant and not necessarily in their numbers. We learnt that competition and social development could have either antagonistic or complimentary effects; depending on your focus.

Girls football continues to be our most undoing. We continue to make deliberate efforts to learn and improve our gender programming.

We thank everyone who has been part of this journey in the last 12 months – partners, donors, volunteers, coaches and especially the kids!

Every single one of you, your support made 2019 very beautiful for Watoto Wasoka.

With smiles from 6,000 kids.

from the

Who We a

Founded in 2009, Watoto Wasoka is a youth-led football for development organisation in Uganda. We use football as a vehicle for social change in the lives of slum children in Uganda. We seek to change lives, through structured football programmes, one game at a time.

We organise some of the biggest football events for youth in Uganda, East Africa (if not Africa), with our last Slums Derby attracting more than 1,500 kids, while the last Christmas Camp was attended by more than 2,700 boys and girls from all over Uganda.

We are the famous Football Made in Slums!

It's exciting to work with Watoto Wasoka. I learn a lot everyday, they encourage me a lot. I look forward to more women on the team, and having more girls in the programmes.
